

ISB inks MoU with Singapore varsity

Express News Service

Hyderabad, July 13

THE Centre for IT and Networked Economy (CITNE) at the Indian School of Business (ISB), Hyderabad and the School of Information Systems (SIS) at the Singapore Management University (SMU), have signed a memorandum of understanding to promote collaborative research in Information Systems (IS).

Ravi Bapna, CITNE executive director, and Steven Miller, Dean, School of Information Systems, SMU signed the MoU.

Bapna said that CITNE and SMU would create a virtual pool information systems management faculty that would tackle issues related to South Asian IT/ITeS industry. Miller said the collaboration in research and educational initiatives would guide the development of IT management.
